

BELLA - CERNIERA PER APERTURE VERTICALI

BELLA- HINGE FOR VERTICAL-OPENING FRONTS

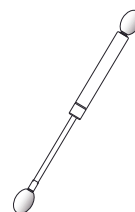

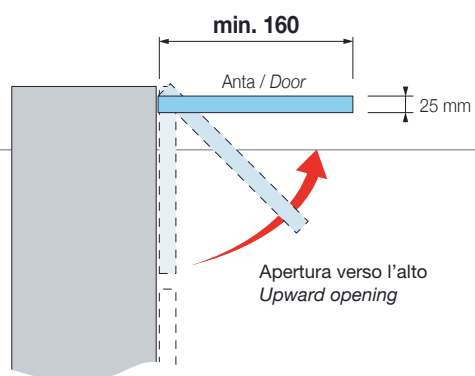

BELLA è la nuovissima cerniera per ante con aperture verticali, sia verso il basso che verso l'alto.

Nuovissima nel suo design, offre prestazioni tecniche ottimali per dare soluzioni al "Minimal Concept" così diffuso nel gusto internazionale e proposto dall'Italian Style.

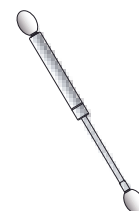

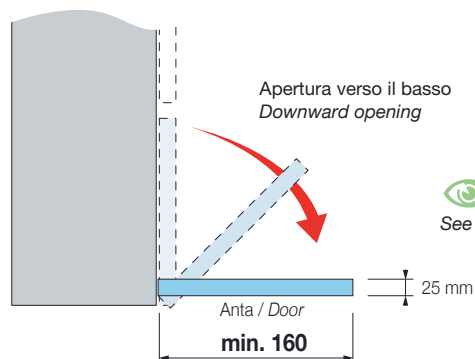

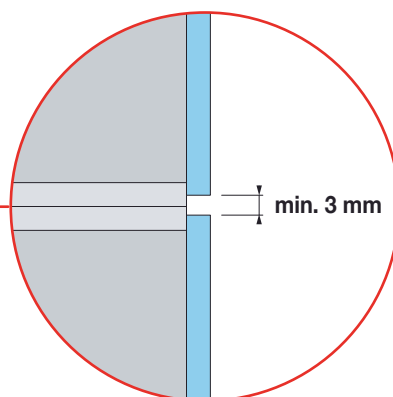

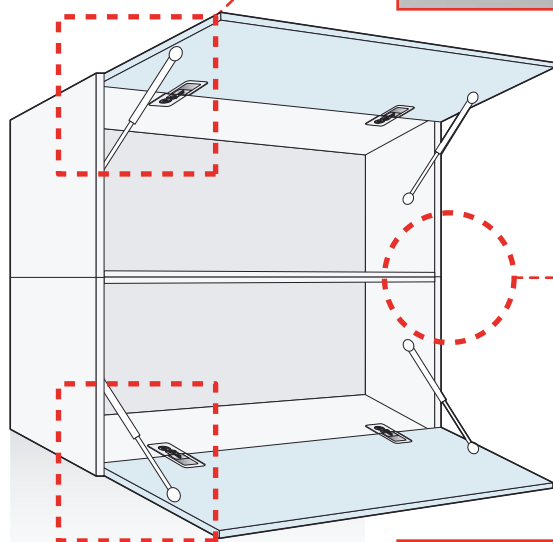

BELLA is the new hinge for vertical-opening fronts (both upward and downward opening).

A brand new design goes hand in hand with exceptional technical performance, creating solutions distinguished by a true Italian "minimal concept" that is very much appreciated all over the world.
