IDEA è la nuovissima cerniera per ante ad apertura verso l'alto e verso il basso di Perin Spa. Dotata di un particolare movimento in grado di gestire ante con spessore diverso all'interno della stessa composizione, permette inoltre di ridurre ad un minimo di 1,5mm lo spazio tra anta ed anta.

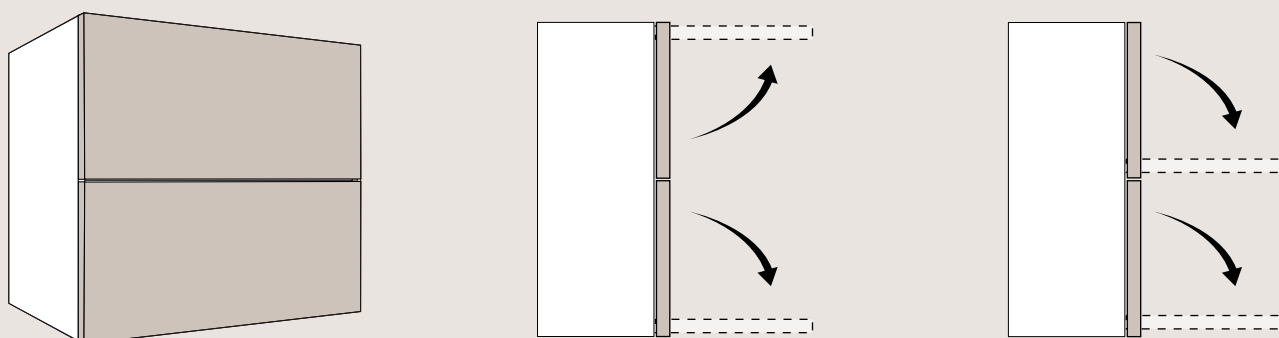

IDEA is the brand new hinge for upward- and downward-opening doors manufactured by Perin Spa. Featuring a special mechanism which can accommodate different-thickness doors within the one composition, it also makes it possible to reduce the gap between one door and the next to a minimum of 1,5mm.
